THE LIVING IS IN THE DETAILS

THE BUILDING

With architecture that is inspired by the majesty of its surroundings, W Residences at Dubai Harbour provides a creative environment that will stimulate both residents and visitors.

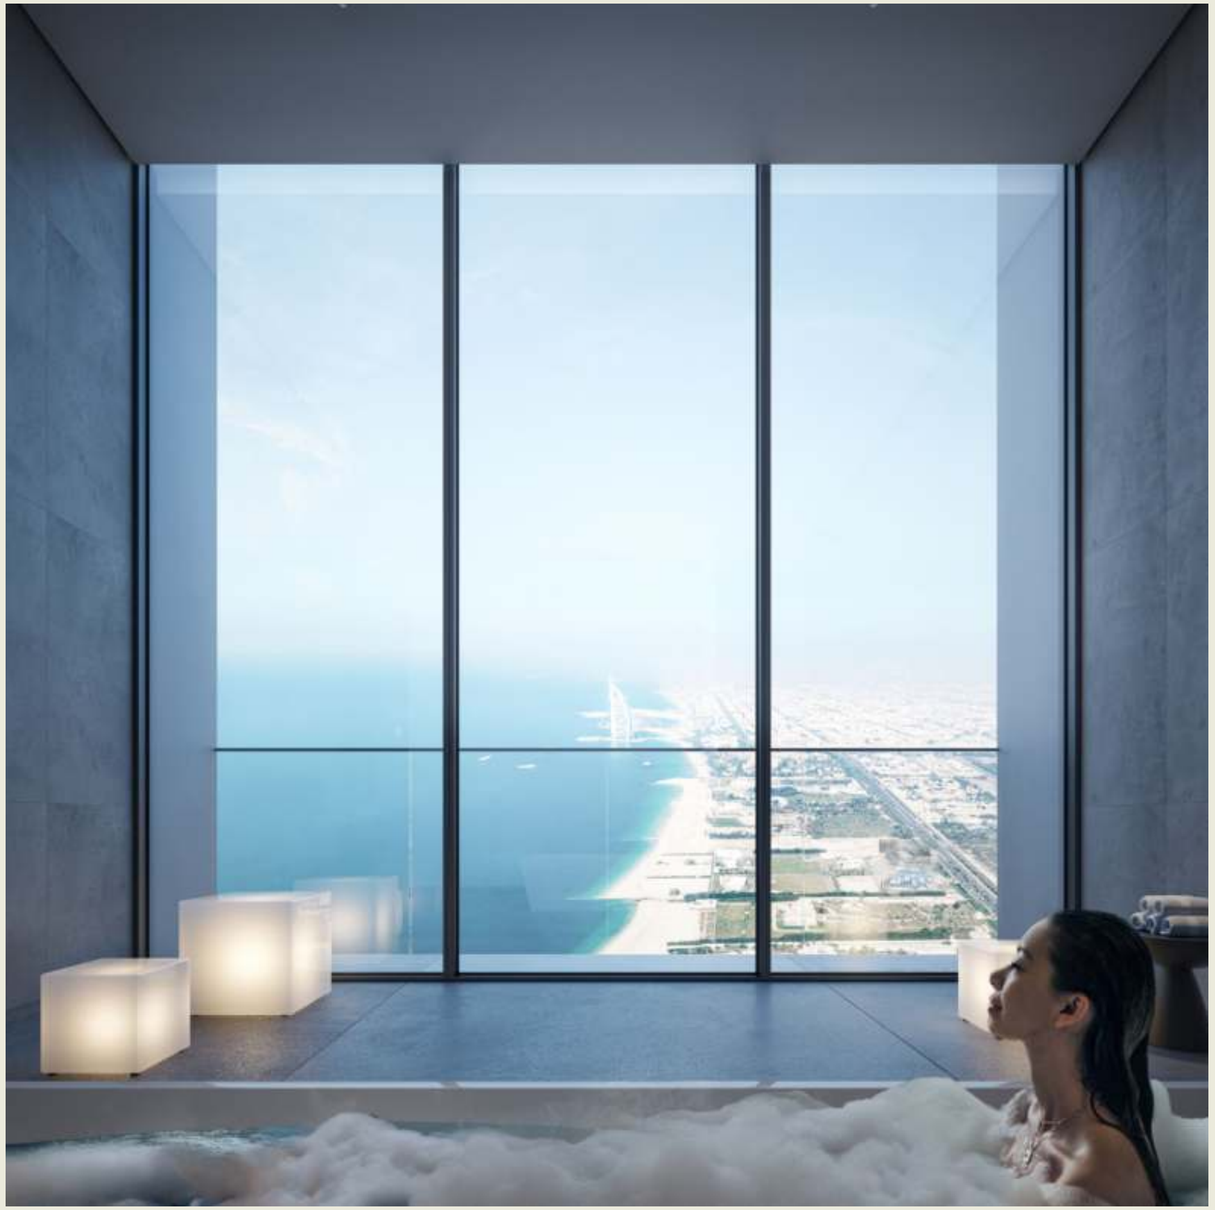

Designed to connect three horizontal lines – the promenade, the harbour and the sky – that reflect the unique seafront and urban landscape, the three-tower complex also features striking diagonal lines that allow the buildings to 'touch' at points where water and sky meet.

This awe-inspiring backdrop is complemented by the shared experiences that form part of the complex in the form of the world-beating amenities and services that are layered into the podium level.
